Do you desire to empower lives through a career in teaching?

Enroll in the Education Academy to become a future educator.

The field of education is incredibly rewarding, providing the opportunity to shape future generations and leave a lasting impact on students' lives. By enrolling in the Education Academy, you will take the first step toward becoming an inspiring educator.

As a student in the **Education Academy**, you will gain experience in creating developmentally appropriate classroom lessons and designing engaging learning environments tailored to the needs of diverse learners. The program allows you to earn up to **29 college credits** while still working toward your high school diploma, giving you a head start on your path to a fulfilling career in education.

With a flexible course delivery model, you have the option to attend classes in person at a designated location or participate online, live each day, from either school or home. The Education Academy is designed to help you learn from experienced college faculty and develop the skills needed for a successful career. When you continue your education at CCBC after high school, you can earn an associate degree with a seamless pathway to one of our four-year premier partner institutions to finish out a bachelor's degree preparing you for rewarding career in educating the next generations.

At CCBC, we are committed to helping you **Start Strong, Stay Strong, and Finish Stronger**. Through the Education Academy, you will earn valuable college credits and gain the experience necessary to inspire learning and empower lives in the classroom.

REQUIREMENTS

- Students can join the academy during their junior or senior year
- GPA of 2.5
