

CCBC HEALTH ACADEMY

Prepare To Care

CURRICULUM: 28 CREDITS

Do you have a passion for helping others and are prepared to care?

The CCBC Health Academy offers high school students a unique opportunity to jump-start their career in **Nursing, Radiologic Technology, and Health Sciences**. As a Health Academy student, you can earn up to **28 college credits** while still in high school, attending classes either in person at a designated location or live online from school or home.

This program provides interactive learning in the classroom, allowing you to gain real-world knowledge from experienced health professionals. Whether your goal is to become a nurse, a radiologic technologist, or pursue another health-related career, CCBC's Health Academy equips you with the skills and tools to succeed.

At CCBC, we are committed to helping you **Start Strong, Stay Strong, and Finish Stronger**. As a Health Academy student, you'll explore diverse career pathways and gain valuable experience to excel in this field. After high school, you can continue your education at CCBC to complete an associate degree and transfer seamlessly to one of our **four-year premier partner institutions** to earn a bachelor's degree.

Take the first step toward an exciting, high-demand health career with CCBC's Health Academy!
