

# Nursing ADN

Associate Degree in Applied Science

## Program Info:

Do you want to be a Registered Nurse (RN)? Our program is designed to prepare students for a variety of nursing roles. The curriculum covers a combination of theoretical knowledge and practical skills necessary to provide safe and competent patient care in various healthcare settings.

### WHAT WILL I LEARN?

Through a blend of classroom and hands-on clinical experiences, the student learns critical thinking, communication, and critical patient care planning. Experience and curriculum will prepare you for a wide range of roles as a RN.

### CAREERS IN NURSING ADN

Careers as a Registered Nurse (RN) include: Medical Surgical, Critical Care, Maternity, and Pediatrics nursing, home health and personal aid care, researcher, nurse educator and many more.
